Pro-Bind 2000 & Cooling Stand

Create documents with the prestige and durability of a Soft Cover Book

Create impressive looking Soft Cover Books right in your office! Simply position the pages of your document into a Pro-Bind Soft Cover and place into the Pro-Bind 2000. Adhesive is pre-applied to the spine of the Soft Cover so there is no hole punching. When the cycle is complete, remove the cover and set into the Cooling Stand to cool. You're ready to present a distinctive Soft Cover Book.

Insert pages into a Pro-Bind Soft Cover Book. Our books have a pre-applied heat sensitive adhesive in the spine.

Set book into Pro-Bind 2000 and press start button to begin 60 second binding cycle.

For More Information, please contact:

When the cycle is complete, place cover into the Pro-Bind 2000 Cooling Stand to cool.

In just minutes, you have a perfect bound Soft Cover Book.
